Rufbus (Call a bus service) – FAQ - 1

What is the “Rufbus”?

In order to supplement regular bus and rail services and to connect even the smallest towns to the public transport system, a Call a bus service was introduced in the district of Kronach in 2020. The Service is available from Monday to Saturday between 6.00 a.m. and 11.00 p.m. and on Sundays and public holidays from 8.00 a.m. to 11.00 p.m. and must be booked or registered by telephone.

Our on-call buses operate throughout the district primarily as shuttles to and from regular bus or rail routes. If you cannot reach your destination using the regular bus or train lines, the Rufbus will take you directly to your destination. These buses, however, are not taxis! There is no "door-to-door service", the Rufbus only travels between regular bus stops throughout the district. In order to realise as many journey requests as possible and to keep the fare low, we have to combine several journey requests wherever possible and also connect them to the existing lines. This may result in longer journey times and transfers.

Rufbus (Call a bus service) – FAQ - 2

How can I get a Rufbus?

Registering a Rufbus is only possible by telephone. You can reach our team at the mobility centre (Mobilitätszentrale) in Kronach at the following number: 09261/678-678

You have to tell us the day, desired time, place of departure and destination, number of passengers as well as your name and current address. Our team will take your request and discuss possible departure times and bus stops with you. This information is then forwarded to the transport company, which schedules all the travel requests received and informs you of the exact departure time and place by calling you back personally, thereby confirming your journey request. For this purpose, it is necessary that you provide us with a telephone number when registering and that you can be reached afterwards. If you cannot be reached for the reconfirmation, the journey will not be carried out.

To ensure that your request can be carried out on time, you must notify us at least 1 hour in advance. As the Rufbus is becoming more and more popular, you should inform us of your travel request as early as possible. This is because capacities are limited.
